

Behavioural, Physical or Medical Support Policy

U-turn Ranch Campers participate in groups that are supervised by our staff members. A camper who finds group participation challenging (ie. follow group directions, making safe choices, speech, toileting, flight-risk or comprehension) is welcome at U-turn Ranch, however we require that those campers participate with a one-on-one worker, provided by the family. Failure to inform U-turn Ranch of these needs, will result in the camper requiring a one-on-one worker for the remainder of their camp week, provided by the family. U-turn Ranch is not responsible if a one-on-one worker is unable to be arranged, and a refund will not be issued.
